

The renovation work is progressing

We told you that the clinic - the headquarters of our animal shelter - was also flooded as a result of the storms and the masses of water that flowed through the shelter.

Thanks to your donations, the repair work has now been completed. Here you can see the result We told you that the clinic - the headquarters of our animal shelter - was also flooded as a result of the storms and the masses of water that flowed through the shelter.

Thanks to your donations, the repair work has now been completed. Here you can see the result:

The shade nets on the enclosures were also mended:

Thank you – Your Team from Animal Protection
