

## Dear friends of Animal Protection

This year we are celebrating Easter simultaneously in Germany and Greece on April 20, 2025.

The red Easter eggs, which symbolize the blood of Jesus, are a special tradition from Greece..

We would like to take up this tradition and offer red Easter eggs with a great surprise for 10 euros each for 30 days.

Please contact us on Facebook in the comments or by email at [matil99@web.de](mailto:matil99@web.de) with the number of the symbolic red Easter egg you would like to buy.

Please be there and support us! As always, all proceeds will go to the animal shelter in Aegina, which is in urgent need of our help.

**Let's set a sign of hope and love together. Every Easter egg purchased brings us one step closer to helping animals in need and giving them a better life. Your support makes all the difference!**

Thank you for your support and happy Easter!

**Your team from Animal Protection**
